*"The great goal of education
is not only to know but also to act -
itCampus offers both."*

Marcus Zelle

Student of Business Informatics at the
Federal University of Co-operative
Education Dresden

You are committed, talented and would like to build the foundation of your future career in the course of your studies?

itCampus offers extraordinary opportunities to dedicated and gifted students. You can gain experience working in the software development, software ergonomics and design or quality management department – be it during an internship, as a working student or for your final thesis, Bachelor, Master, Diploma or Doctoral Candidate. As you go along, you can establish a useful network and boost your future career while working for itCampus.
